

Welcoming a new client to Integrative Pet Care is one of our favorite things to do.

We are especially honored when that new client finds us through someone who thinks so highly of our team and our services that they want to tell their friends.

To thank our current clients who refer family and friends to IPC, we have the "Care to Share" appreciation program.

When you give a friend a Care to Share certificate, new IPC clients will receive \$20 off their first office appointment upon presenting the certificate. You will then receive a \$20 credit towards your next service as our way of saying "thank you" for the new client referral.

Thank you again for your support of Integrative Pet Care and most of all for your commitment to healthy and happy pets!
